Evaluation of Learning (by subject)

The report card includes a section for general teacher comments for each subject. The comments will describe your child’s strengths, challenges and progress. The evaluation of student learning will be assessed on a regular basis, through different means such as in-class work, evaluation situations, assignments, tests, dictations, student portfolios, observations, etc.

General Competencies

Teachers will provide comments **on at least two (2)** of the general competencies for your child. They will appear on the report card at the following terms:

General Competencies	Term 1	Term 3
Exercises critical judgment		X
Organize his/her work	X	
Communicates effectively		X
Works in a team	X	

("X" = Competencies commented on in Report Card)

*However, for the 2025-2026 school year, gradual-implementation procedures, which are still in effect, allow for the possibility of commenting on only one of the four competencies in the term considered to be the most appropriate.

If there are any changes made to the above evaluation and reporting information, an updated version of this document will be sent home. For any more information concerning your child’s learning, please contact your child’s teacher(s).
